

# The Lord Of Chaos

Crystal Eyes

From the abyss of Hell they have come  
A reign of darkness awaits  
Caught in fire our kingdoms are gone  
Damned to burn is our fate

The time of the mortals  
has come to the end  
The final destruction  
of man now ascends

Flames of Hades are burning wide  
as the age of death arrives  
Held in iron hands of doom  
we face the Lord of chaos

Clouds of terror have darkened the earth  
Only ruin remains  
Genocide of the whole human race  
We are bound to be slain

Shadow-demons casting souls  
into the fires of Hell  
There's no return. Down we go  
to burn in torment forever
