## Crystal Fighters

Do you want to go  
to the plage with me?  
I'm going down-down-down  
there at 4 in the morning,  
most beautiful girl I've ever seen.  
Come down-down-down,  
my love is calling.

Do you want to go  
to the plage with me?  
I'm going down-down-down  
there at 4 in the morning,  
most beautiful girl I've ever seen.  
Come down-down-down,  
my love is calling.

Come over here with your heart  
And I will love your heart with mine.

Do you want to go  
to the plage with me?  
I'm going down-down-down  
there at 4 in the morning,  
most beautiful girl I've ever seen.  
Come down-down-down,  
my love is calling.

It's half-past the moonlight.  
Nobody would see us go.  
(And I wonder) If I were to walk by you once more,  
Maybe you will look into my eyes  
and you will see just what you've done to me.

Time is short. You know we only live one life.  
It was love at first sight.  
And being by your side is the only thing on my mind

Do you want to go  
to the plage with me?  
I'm going down-down-down  
there at 4 in the morning,  
most beautiful girl I've ever seen.  
Come down-down-down,  
my love is calling.

Come over here with your heart  
And I will love your heart with mine.  
Come over here with your heart (come over here with your...)  
Come over here with your heart (come over here with your...)  
Come over here with your heart (come over here with your...)  
And I will love your heart with mine, with mine.

So do you want to go  
to the plage with me?  
I'm going down-down-down  
there at 4 in the morning,  
most beautiful girl I've ever seen.

Come down-down-down,  
my love is calling!
