

He Is Beautiful to Me

Crystal Gayle

He is beautiful to me
Not in my wildest dreams
Did I ever dream he would come to me
Now I was lost but I have found
True heaven through his love
And comfort knowing he is beautiful to me

He's the key to the door
Of joy never-ending
He's the light, he's the way
And without him I say I can't go on

For he is so beautiful to me
He gives me so much love
Without thinking of
What he gets from me

He's the road with no end
He's life everlasting
He's a friend, he's a king
And to him I will bring all I have

And I will love him til I die
And even then I know
This love will grow and grow
He's so beautiful to me
He's beautiful to me
So beautiful to me
