

# Fearless

Crystal Lewis

I was weak  
I was so fragile  
by myself not worth that much  
not worth that much at all

I was scared  
I was so cold  
was afraid to take a step  
a step lest I should fall

Yet amidst my fear of dying  
I found faith enough for flying  
and an endless source of freedom  
for my wings

Fearless in the face of danger  
Fearless though sometimes a stranger  
not afraid to tell you what I've found  
I'm fearless all around

I am not ashamed  
I am satisfied  
for to me to die is gain  
and to live is Christ

I am not afraid  
I am not alone  
for my hope is held in this  
my God is in control

Though the wind is cold and biting  
I can see the sun is shining  
though the clouds bring rain for ruin  
I see clear sky

Fearless in the face of danger  
Fearless though sometimes a stranger  
not afraid to tell you what I've found  
I'm fearless all around

Yet amidst my fear of dying  
I found faith enough for flying  
and an endless source of freedom  
for my wings

so I fan to flame a fire  
the gift of God now my desire  
is to watch the word inspire  
you to fly

Fearless in the face of danger  
Fearless though sometimes a stranger  
not afraid to tell you what I've found  
I'm fearless all around
