

## Let Them Know

Crystal Lewis

I was dreamin' about a time I've waited for  
Christ was coming on his way  
On his way to take us home  
All of my friends stood and watched as I went by  
I never told them the reason Jesus had to die  
Just then I awoke to see-opportunity

If you love someone, if you love somebody  
Let it show, let them know of the fathers love  
Tell them of his glory; let them know  
Conversation-You say so much but nothings said  
Confrontation-What's going on inside their head?  
Hesitation-There's no easy way to start  
Determination-Just let the Lord speak through your heart  
Don't pass up opportunity-set them free!
