

Mr. Happy Go Lucky

Crystal Lewis

Well I know this guy, always bouncin' around
He don't let the world's troubles bring him down

Mr. Happy go lucky (What's his name?) (4x)
Mr. Happy go lucky, always singin' a song

I first met that man, outside the five & dime
He was always saying that his life was fine

Everytime I see him walkin' down the street, he's always acting
so fine
When I see the smile on his face, I want to put one on mine
