

Set Ya Free

Crystal Lewis

Now faith is the evidence of things not seen
Yes, the assurance of everything that sets us free
So be assured that Christ will be back any day now
I know He's coming soon for me, are you ready?

Don't be fooled my friend when men say
I'm the one
Don't be fooled for by your faith
From your weakness you have been made strong
Set ya free
Set ya free
Set ya free
The blood will set you free

I'm looking for a city
Whose builder is the Lord
And nothing but the blood of Christ
Could give such a reward

Don't be fooled my friend when men say I'm the one
Don't be fooled for by your faith
From your weakness you have been made strong
Set ya free
Set ya free
The blood will set you free
