

Tonight

Crystal Lewis

The situation's telling you to ease your troubled mind
He wants to give his love to you
You've known it all the time
Let go of what's been holding you
And suddenly it's clear
He's right here right here

Let him have your heart tonight
Consider giving up the fight
You've tried it all the other way
You finally have the chance to say
My Father I surrender, Father make it right
I know what you've been going through
I've seen it all before
I used to feel the way you do
I wasn't really sure
The doubts I had are faded now
He took them all away
On that day so I pray
