

Rock n Growl

Crystal Tears

Rock is bleeding from my eyes
Blood brothers, metally insane
It's rock until we fall, our metal horror show
Highway to Hell with Devil's train

Saint's and sinners, non-believers
A pure steel gallery of world
Metal action, chain reaction
It's primal instinct rock n' growl

One music, one nation blood - ROCK N GROWL
One will, united we stand - ROCK N GROWL
It's made in Hell or brought from Heaven
The world's a stage we plug and play

Faults we make remain the same
Can't realize rock who's to blame
Life's a game we have to play
Can't realize rock 'fore we bleed

Rock n' growl

One music...
