

## Beyond Fate

Cult of Luna

Take a seat next to thy devil. Reach and grasp beneath my skin.  
See my fate. Wreck a lifetime. Gain my heart. Kill my visions.  
In those days I denied you for every second.  
And now I can't accomplish anything.  
Still got so much more to give in this life.  
I guess I'm heading for regrets.

Once I sold my soul.  
That's one sweet regret
