

## Pay No Mind

Culture Beat

I use to believe in something  
I thought it was me and you  
that we could fulfill a lifetime  
and live as lovers do  
I was wrong

I'll pay no mind  
I'm leaving it all behind  
I won't ask you what you feel no more  
I won't ask you what you feel no more  
I'll just pay no mind  
I'm letting it go this time  
'cause I realize I've come so far  
if I start to wonder where you are  
I'll just pay no mind

the first couple steps were fragile  
till I got on my feet  
felt I was walking sideways  
looking for my release  
lovers come and they go  
when they leave  
you'll never know  
instead of a review  
tell you what I'll do

I'll pay no mind  
I'm leaving it all behind  
I won't ask you what you feel no more  
I won't ask you what you feel no more  
I'll just pay no mind  
I'm letting it go this time  
'cause I realize I've come so far  
if I start to wonder where you are  
I'll just pay no mind

I'm still writing love songs  
'bout something that's passed me by  
I know that I'm stronger  
you think that's a lie  
but you're wrong

I'll pay no mind  
I'm leaving it all behind  
I won't ask you what you feel no more  
I won't ask you what you feel no more  
I'll just pay no mind  
I'm letting it go this time  
'cause I realize I've come so far  
if I start to wonder where you are  
I'll just pay no mind
