

## Dangerous Man

Culture Club

He could word it out like a dangerous man  
How could you value his intentions  
Martin had the devil just like anyone can  
He spoke words they were frightened to mention

Yesterday ain't gone  
We just pushed it aside  
Out in the jungle  
There ain't nowhere you can hide

There's a different smile on your face today  
Though you wear it well  
There's a lot to say  
There's a different mood in the world tonight  
We can do it right

John he washed it over with a confidence tan  
I konw that peace and love ain't prevention  
Brian in the closet with his master plan  
Build them up it's so sad they forget you

Yesterday ain't gone  
We just pushed it aside  
Out in the jungle  
There ain't nowhere you can hide

Are we not men  
Did you save us?  
Are we not men  
Did you try, did you try?

We have been, we have been, we have been  
We have been denied

I could word it out like a dangerous man  
If they landed here we'd collect them  
Yellow, black or white here in the circus of men  
I don't know I don't care I forget you
