

Play

Playing with my sexuality
Play with your body, with your mind

All you people staring at the wall
Gonna make it easy, easy for all

When I say I don't dance, I'm mean
Not like you
When I say I don't dance, I need
Something new

All you pretty babies staring at the boy
Gonna tell you something, you won't get no joy

When I say I don't wanna dance, I'm mean
Not like you
When I say I don't dance, I need
Something new

Wednesday night I sleep unfolded
Thursday night another dream
Friday night my heart is pumping
Saturday I'm feeling mean

Say it, with your body
Say it, with your body, with your mind
Say it, with you sexuality
With your body with your mind
