

Hypnotized

CunninLynguists

They just sparkle and they twinkle, and I'm hypnotized,
Her stare cut through, and I'm hypnotized

Shorty, she do the damn thing, fine as champagne
Hot, and the way that she trot, she only fan flames
A super freak, but please don't call this man James
If she put it on me, bet a nigga pull a hamstring
The type of strange that makes you forget your name
Amnesia to a player, she makes you forget your game
Coach, she got me caught up, like an alley oop
I can (?) like a jockey but she got me spooked
I'm feeling like a youth but, to tell you the truth
Though, I do wanna crush
It's a little more than nuts
Trust, I'm no Goodyear gimp but she got me stumped looking Bubba Gump tryna
scrimp
I was a pimp bitch, mixed with modern day Romeo
But today my pimp look more like Polio
Overdosed off of beauty got me comatose
Shorty so blessed makes the reverend catch a holy ghost
They just sparkle and they twinkle, and I'm hypnotized,
Her stare cut through, and I'm hypnotized

Huh,
The way her booty sway got me caught up in a daze
Wish it was maze, I'd get lost in it for days
Cause I be so amazed when it's jiggling in waves
Her body so sweet, I bet she sweat glaze
I'm long as three shoes while I'm staring at her boobs
But I be swimming in a gaze and made my inner tubes
They keep me so amused, like two new Rubik's Cubes
Twins so perfect, so easy to confuse
Her stare is therapy for me, forgetting all my problems
I'm thinking to a vixen when swishin in apple bottoms
Switching my position, trying to sit where I can spot em
Got em, right there in my line of view
And then she caught me, but she smiled like she was so amused
Then she spoke, your girl is right behind you fool
Snapped me out of it, kind of slapped me out of it
Hypnotism is my prison, someone get me out of it

They just sparkle and they twinkle, and I'm hypnotized,
Her stare cut through, and I'm hypnotized

She said he name was Gwendolyn
The only reason I remember it is cause it rhymes with pendulum
And that's the way your hips were swinging
Otherwise, I can't recall a word her lips were saying
Dammit yall I'm mesmerized, her eyes they got me hypnotized
She got me shaking my head, but I ain't saying no
Looking her up and down, but I ain't nodding yes, I'm saying woah
I see her mouth moving, I think my mouths open
Hope I don't start droolin, shit is in slow motion
I gotta say something uh... nice goin!
Snap out of it player ok, time to focus
"Did you just pinch yourself?" Cause you'z a dream come true
I grew an inch myself coming up with things to do

Oh shit she didn't slap me, imagine that
Fuck it didn't happen, I just imagined that
Shit I blew it y'all, where'd she go? I can't believe it
I hate to see her go, but love to watch her leavin
They just sparkle and they twinkle, and I'm hypnotized,
Her stare cut through, and I'm hypnotized
Call me...
