

(Hey Ho) The Goddy (Oh)

Current 93

My eyes are black and wide
My eyes are black and wide
Hey ho the noddy oh
My eyes are black and wide

I crush the velvet mound
I crush the velvet mound
Hey ho the noddy oh
I crush the velvet mound

Mummy's teeth are cracked
Mummy's smile is cracked
Hey ho the noddy oh
Mummy's smile is red

A-reaping I shall go
A-reaping I shall go
Hey ho the noddy oh
A-reaping I shall go

A stranger waits me there
A man with half-blind stare
A man with dusty hair
Hey ho the noddy oh
A stranger waits me there

This destiny did not tire
This destiny did not tire
Hey ho the noddy
This destiny did not tire

He sang
A-raping I shall go
A-raping I shall go
Hey ho the noddy oh
A-raping I shall go

And bled and raped was I
And scared and cold was I
Hey ho the noddy oh
Hey ho the noddy oh
Hey ho the noddy oh
In fields of rape I lie

Well as you sow you reap
And as I sowed I reaped
Hey ho the noddy oh
Hey ho the noddy oh
Hey ho the noddy oh
As I sowed I reaped
