Current 93

Maldoror is dead  
Little brick  
Buried in the earth  
Maldoror is gone  
Was I a man?  
Was I a stone?  
Maldoror is dead  
Chance meetings, Maldoror  
You are gone now, Maldoror  
The ship that sunk, Maldoror  
Dispatched by bullets, Maldoror  
Maldoror is dead  
Maldoror is dead  
Maldoror is gone  
Urging, urging, Maldoror  
The urge to destruction, Maldoror  
They found golden chariots, Maldoror  
The sun went black  
The moon it bled  
Maldoror is dead  
Maldoror  
The streets are covered, Maldoror  
The little girl falls  
She cracked her head, Maldoror  
The sun went black, Maldoror  
Maldoror is dead  
Maldoror, he is gone  
The train stops in the heart  
Of Europe's iron gut  
Maldoror is dead  
Where to now, Maldoror?  
Where do we go, Maldoror?  
The bells are tolling, Maldoror  
For your funeral pyre, Maldoror  
They say you're dead  
They say you're gone  
Maldoror is dead  
Maldoror is dead  
Maldoror is dead  
Maldoror is dead  
Little brick  
Maldoror is gone  
Buried there, Maldoror  
You are dead  
The churches crumble, Maldoror  
The sun has cracked  
The steeple tumbles down  
The steeple tumbles  
Like you, Maldoror  
Maldoror  
Maldoror  
Maldoror  
Buried in the soil, Maldoror  
The clock struck backwards, Maldoror  
The houses crumble, Maldoror  
The waters part, Maldoror  
Become a tree

Become a man  
Turn into stone, Maldoror  
Maldoror  
The black angel weeps  
The waters part  
Maldoror  
Maldoror  
Maldoror  
All fall down  
Dead
