

Too Cold

Current Swell

Too cold too cold
drop below at night
we still go out side
we still go out side
too cold too cold
we will not relax
relaxing's just another way for saying you're getting old

you're getting old
you're getting old

This city shuts down
Yes, everybody's still hanging around
still not warm, too cold, too cold
still refuse our home, still refuse our home
Relaxing's just another way for saying you're getting old

Old, old
You're getting old, old
You're getting old, old
You're getting old
You're getting old

This city shuts down
Yes, everybody's still hanging around
still not warm, still not warm
still refuse our home

Old, old
We're getting old, old
You're getting old, old
We're getting old
We're getting old
We're getting old, old
You're getting old
You're getting old
You're getting old

It's cold, too cold
It's cold, too cold
It's cold, too cold
And we still go outside
