

# Keep on Trippin'

Curtis Mayfield

Your love's so satisfying  
And now you keep denying  
Child you don't here what your missing

So much I want to give ya  
Let go of the love that's in ya  
Say you got an answer  
But its my opinion

You just, keep on trippin'  
keep on lippin'  
Go on about your worldly (airs)  
But, before there's a total loss  
And you nail us to the cross  
What about the men you claim affairs

You just

Keep on trippin'  
Keep on  
Keep on trippin'  
Keep on trippin'  
Keep on  
Keep on trippin'

Take what I have to offer  
but I think my girl I've lost her  
Goin' to another other than me  
I don't know what you've been smokin'  
But I'm layin' here still hopin'  
Trippin' will bring you back to me  
We're still just the perfect match  
And I've rather grown attached  
I know I love you tenderly  
But just try to understand  
Selfish, tryin' to be your man  
Tought I'm just another human being

Loving you

Keep on trippin'  
Keep on  
Keep on trippin'  
Keep on trippin'  
Keep on  
Keep on trippin'
