

## Something Familiar

Curve

A distant stare, I see myself there deep in the black  
But can he see me, of this I'm not sure  
It's just a feeling

And you know how those things have got me in trouble before  
Yes, you know how those things have got me in trouble before  
I thought I saw something familiar  
I thought I saw something

He walks my walk and speaks my language all at the same time  
But he don't know the half of the hurt that he left behind  
No, he don't know the half of the hurt that he left behind  
I bet you saw something familiar  
I bet you saw something familiar  
I bet you saw something

Should I say  
Where you been all my life  
Should I say  
Where you been all my life  
Should I say  
Where you been all my life  
Should I say [Repeat x 4]

No, he don't know the half of the hurt that he left behind [Repeat]  
I thought I saw something familiar [Repeat x 4]  
I thought I saw something
