

# Free Your Mind

Cut Copy

Waiting in the hole for rescue  
Gotta have faith, you'll be near  
Darkness that has come to test you  
You know we will succeed if we act as won  
Riches of the world are for you  
United with the souls of your daughters and sons

Oh, shine brother, shine on  
Oh, shine brighter than the sun  
Oh, you're golden, shine one

All you gotta do is hold on  
If your head is heavy just stand up straight  
In these arms you're always welcome  
If you are a sinner or you are a saint

Shine brighter, shine on  
Shine brighter than the sun

Free your mind  
Free your mind  
Free your mind

You gotta reach the sky if you want your life to shine  
You gotta reach the sky if you want your life to shine

Free your mind

Waiting in the hope of rescue  
Gotta have faith, you'll be here  
Darkness that has come to test you  
You know we will succeed if we act as one

Oh, shine brother, shine on  
Oh, shine brighter than the sun

Free your mind  
Free your mind  
Free your mind

When your heart is cold, who will guide us  
When your savior comes, and he don't find us  
When you can't go on and you're feeling loveless  
Oh baby, just reach out and rise above it

You gotta reach the sky if you want your life to shine  
You gotta reach the sky if you want your life to shine

Free your mind
