

Someone Like Daniel

Cut Off Your Hands

People these days. We just can't get it right.
We need something to help us get it right.
Someday will say that with faith he will save.
Well I just don't know... He seems to only takes.
If someone like Daniel could share some light.
Well that would be great. I think we'd all agree.
If someone like Daniel could be thrown to the lights
And by the lord be saved. I wished it she'd some light.

Well someone like Vicky could have done with the news
If how to get it right. If how to make the lord choose.
To save her like Daniel from the clutch of disease...
They laid there hands on her, they prayed on bended knees.

Or someone like John who's cancer spred trough his skin. Surely
Jesus would
Save a godly man like him.
Well he passed away december 25th despite the press of his church
and of
His wife and his kids.

People these just can't get it right.
We need somtehing to help us get it right.
Well someday will say that with faith he will save.
Well I just don't know. It seems he only takes.
If someone like Daniel could she'd some light
Well that would be great. I think we'd all agree
How someone like Daniel can be saved from the lighths. And yet t
he people we
Know and love are just left to die.
