

All The Way In

Cutting Crew

Put it all the way in, don't go half way
No need to play it safe, go get it all the way in
Shed off those old tattoos, stop reading yesterday's news
Put a match to the fuse, get it all the way in

Bury those bones in the sand, get hung for a sheep as a lamb
I'll still be your biggest fan
'Cos I'll believe, if you believe
Go on take your applause, until old Niagara Falls
'til it's too late to call
Get it all the way in.
