

The Last Thing

Cutting Crew

I won't wait for you, I won't wait for you
In the morning
Cause the last thing that I want
Is to see you cry

And I won't ask of you, and I won't ask of you
No secrets
Cause I don't want to be the one
To see you cry

Help me mama, help me mama
Through these things I feel
Help me father, help me father
Through these things I feel
So I can believe...

So I won't shelter you, I won't shelter you
In the morning
Cause the last thing that I want
Is to see you cry

Help me mama, help me mama
Through these things I feel
Help me father, help me father
Through these things I feel
So I can believe...

So I won't give to you, I won't give to you
Forgiveness
Cause the last thing that I want
Is to see you cry
No the last thing that I want
Is to see you cry
No the last thing that I want
Is to see you cry
