

# High and Mighty

Cyndi Lauper

Listen to the sound when ya...  
Living high and mighty  
Living high and mighty  
Living high and mighty yea yea yea yea...

How do you see yourself inside your mind?  
Do you ever catch yourself step out of time?  
If I had a dollar every time I tried  
I'd be living high and mighty

How do you see yourself inside your mind?  
Who do you look at when you close your eyes?  
If I had a dollar every time I cried,  
I'd be living high and mighty, yes yes yes...

Living high and mighty  
Living high and mighty  
Living high and mighty, ma my, ma my, ma my...

Then I guess it wouldn't be so bad without you,  
Wouldn't even mind the things that you  
Wouldn't walk away all steamy, cool  
I'd be living high and mighty yea yea yea

Living high and mighty  
Living high and mighty  
Living high and mighty yea yea yea yea...  
Living... ma my ma my ma my

Listen to the sound when ya...

I keep a coat rack by my bed  
Up against your closet and next to my head  
Didn't mean to trap your cloths  
Keep the door blocked, closed  
So you can't get in and I can't get out  
Sink into my pillow and dream what it's about

To be living high and mighty  
To be living high and mighty, yea yea yea

Ma my, ma my, ma my...  
Living high and mighty  
I'd be living high and mighty  
And keep the door blocked closed  
My, my, my,  
Yea, yea, yea
