

## Celestial Voyage

Cynic

As I peered into my mortal cup of mind  
A moleten liquid of penance splashed my eyes

Unseen truth, a divine surgery  
Reveals view, windows of faith  
The breeze to a raft of happiness  
Guiding cue, calmness in a mental lake

A celestial voyage  
To reach the shores and bathe  
In pools of divine nectar

My raft filled with delusive waste water  
Shall be drained by holes of wisdom  
A celestial voyage  
To reach the shores and bathe  
In pools of divine nectar

A celestial voyage  
To feel the bliss of liquid  
Healing nectar inside
