Elves Beam Out

led up stairs not made of man form of a pineal gland third eye becomes open and elves beam out seed-shaped sounds elves beam out

danger a thought impetus
a bodiless myth to disperse
i met this dream before
where elves beam out
seed-shaped sounds
elves beam out

i touch down to kindly meet earth
and unroll my feathers headfirst
just breathing's enough

when elves speak out know thyself elves beam out

elves stream out know thyself elves beam out surrender

i'll go up the stairs
