Uroboric Forms

Self is the universe, not separate The state before the fall into self consciousness

Nothing is himeself, everything is world

Primordial egg returns Consciousness unborn Pre-personal perfection Bliss's scree yet untorn Uroboric forms

Find itself as a separate entity An ego germ is just beginning to be

Wherever there is other, there is fear

Birth, primal paradise No gap distance or separation Between self and environment Unconditional omnipotence

Nothing is himself, everything is world

Consciousness unborn Uroboric forms
