I wonder

If a nigga like me's goin' under

Take a number

Let the gatt hum
(Lick a shot)
So I let the gatt hum

Let the gatt hum (Hum) (Lick a shot)
So I let the gatt hum

Had a bad dream
Woke up in a casket
Now I can't even get back at the bastard
Bullshit
This pine box
Ain't strong enough to contain the Afro Marx
Critical bell rings
Snapped out the dream
What the fuck's up with the funny red beam
Pointin' at me
I got no strap G
What now? Gotta duck, they're gonna gatt me
Bam, I feel numb
Where did the shotgun blast come from?

Let the gatt hum (Lick a shot)
So I let the gatt hum

Let the gatt hum
(Lick a shot)
So I let the gatt hum
