

Trouble Seeker

Cypress Hill

I'm on a rampage! Rippin' up the damn stage
Wartime fate Dealer, some say renegade
Part-time psycho! - Sippin' on lemonade
Don't want trouble but I'll give it to you anyway.
Yes, I'm insane! Put you in pain.
My mind has been trained to live in the fastlane!
Should I slow down? - Fuckin' speed up!
You better take a hit from my weed you need some!

Go hard, go hard! Live hard, die hard!
Rape one, cap one, fake one, slap one!
Break one, jack one, save one, get one!
"Rise up"! "Rise Up"! Take me higher!

Got my hands on the wheel,
And I'm never lookin' back in my rearview mirror!
(I'm A TROUBLE SEEKER! - BUCK, BUCK! - I'm A TROUBLE SEEKER!)
Can't eat or sleep I need some
Medical attention, I'm a trouble seeker!
I'm a trouble seeker! - I'm a trouble seeker!
I'm a trouble seeker! - I'm a trouble seeker!

Blowin' the chop', but I'm midnight stalker
The graveyard walker and I don't like coppers!
The mic linebacker - Elvis comin' at cha! (ELVIS COMIN' AT CHA!)
Middle of the pig, wanna pay off disaster!
Hide ya from Cypress! - All around hypin'!
Songs like these keep bringing up my prices. (BRINGIN' UP MY PRICES!)
Dog in the food in Bob Marley hold out
Balls to the wall on a date with a student!

Got my hands on the wheel,
And I'm never lookin' back in my rearview mirror! [scratches]
(I'm a trouble seeker! - BUCK, BUCK! - I'm a trouble seeker!)
I don't care about them
And if you see me comin' actions are clear! [scratches]
(I'm A TROUBLE SEEKER! - BUCK, BUCK! - I'm A TROUBLE SEEKER!)

They say I'm crazy, lately
I'm off the chains, don't touch me baby! [scratches]
(I'm A TROUBLE SEEKER! - BUCK, BUCK! - I'm A TROUBLE SEEKER!)
Can't eat or sleep, I need some
Medical attention I'm a trouble seeker!
I'm a trouble seeker! (trouble...) - I'm a trouble seeker! (trouble...)
I'm a trouble seeker! (trouble...) - I'm a trouble seeker! (trouble...)

Is that so? Listen in your headphones!
Carvin' up your headstone, guessin' you was dead wrong!
So up the heatwave! Betta learn to behave!
These days we pass weed. - Like a relay!

Sorta like a hand off, then you really handle
It; you puff up a hit, then you're lit like a candle!
We lead by example! - You know that we are showin' proof
Gonna beat them whose are over you beat down overdue!

Beat down overdue. - Had to learn the hard way!

Homie started flippin' and we left them in the hallway!
Gonna puff all day! - Shut 'em down late night!
Motherfuckers wanna play! - What you got stage fright?
