

## Africa

D'Angelo

Africa is my descent  
and here I'm far from home  
I dwell within a land that's meant  
meant for many men not my tone

The blood of god is my defense  
let it drop down 2 my seed  
showers 2 your innocense  
2 protect U for all eternity  
and with this wood I beat this drum  
and we won't see defeat

From kings 2 queens becomes a prince  
knowledge wisdom is  
understanding what we need

Ever since the day U came  
my whole world began 2 change  
I knew then 2 dedicate my life,  
4 your own  
everyday I see U grow  
and remember what U already know  
I receive the love  
that radiates from your glow

From which U came was love  
and that's how it all should be  
U and my soul are 1  
through all the time and history
