Baby let's cruise away from here Don't be confused baby, the way is clear And if you want it you got it forever Oh, this is not a one night stand baby

Let the music take your mind
And just release and you will find, baby

We're going to fly away Glad you're going my way I love it when we're cruisin' together

Music was made for love Cruisin' is made for love I love it when we're cruisin' together

Baby, tonight belongs to us Everything's right, do what you must, baby And inch by inch we get closer and closer Every little part of each other ooh, baby, baby

Let the music take your mind Just release and you will find, baby

We're going to fly away Glad you're going my way I love it when we're cruisin' together

Music was made for love Cruisin' is made for love I love you when we're cruisin' together

We're going to fly away Glad you're going my way I love it when we're cruisin' together

Music was made for love Cruisin' is made for love I love you when we're cruisin' together

Cruise with me baby, baby Oh baby

Oh baby let's cruise, let's flow
Let's glide, let's open up and go inside
And if you want it you got it forever
I can just stay there inside you and love you, baby

Let the music take your mind $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right)$ And just release and you will find
