Frankie... Annette One day I took a trip in my car And went straight down Golden State And went to the beach But when I got there I just want to cry Cuz there were so many people I didn't know what to do Cuz every time I go there My board gets covered with oil Every time I go there Some hodad steals my wax And when I get on top of those The guy he cuts me off Why do they cut me off There's stupid idiots in the water They keep cut me off There's too many surfers I wanna kill myself You know...

I hate surfing in HB Hate surfing in HB Hate surfing in HB

The chicks are jerks
The guys think their so cool
They just look at each other
And always try and steal the surf
But not on my wave this time buddy
I'm gonna push you down
I'm gonna take the wave
That wave is, mine, mine, mine, mine, mine, mine, mine
You're not gonna take it from me
Cuz I've got it
I'm getting in there
I'm in the tube, boy I'm really getting off
I'm getting off
I'm surfing this is fucking cool

I hate surfing in HB Hate surfing in HB Hate surfing if the waves are always shitty

Ohh... well we can always go to the beach party and find girls

Hey... Isn't, isn't that Bill floating in the shore break.
