

## Curbstomp the devil

D.O.A.

The Prince of Darkness came up to me  
Asking allegiance, demanding his fee  
So I sucker punched him and started mopping the deck  
I tore off his head, and shit in his neck

Let's curb stomp the devil  
Let's curb stomp the devil  
And hit him hard with a slice of metal  
Let's curb stomp the devil - the devil

The Prince of Darkness showed up on TV  
His phony smile didn't fool me  
A TV preacher, a festering sore  
In his spare time he's out fucking whores

Let's curb stomp the devil  
Let's curb stomp the devil  
And hit him hard with a slice of metal  
Let's curb stomp the devil - the devil

All your faces look the same to me  
Politicians and the servants of greed  
Your motley crew is on the rocks  
'Cos you got your horns in a Cracker Jack box

Let's curb stomp the devil  
Let's curb stomp the devil  
And hit him hard with a slice of metal  
Let's curb stomp the devil - the devil  
(2x)
