

## Get away

D.O.A.

Get away, get away from you get away, sick of all your lies  
Get to get away from, got to get away from you got to get away  
from, got to get away from your bullshit wellfare moms you thin  
k that's too much, newt gingrich?  
You're just too much  
Televangelism and the penal colonies three strikes you're out d  
o they mean me?  
So I get drunk and have sex on the phone and pay more attention  
to other's lives than I do to my own
