

I played the fool

D.O.A.

I went to a club, the bandd was fast but the liquor was quicker
, they took all my cash. The bouncers threw me out, like a bowl
of goulash.

They said I played the fool last night. Got a talent for troubl
e I should copyright. I put myself in the spotlight. Yeah, I pl
ayed the fool. Well I don't usually lose my cool. But this geek
was actin' like a real tool. So I drove his car into a swimmin
' pool.

I am what I am, an' that's all I am. An' you know sometimes I j
ust don't give a damn. The cops took me off to jail. I though I
could land some kind of bail but the judge took one look an' s
aid no sale.

Some people say I'm kinda rude just depends on what you call cr
ude. I guess I'm just one loud-mouthed dude.

I am waht I am, that's all I am. An you'll go my way, if ya got
some kinda jam. I played the fool last night, I got no case of
stage fright. I was drinkin' whiskey on a summer's night. Yeah
, I played the fool last night. Drivin' through the red light I
played the fool last night. Thought I was in a prizefight. I p
layed the fool last night. Thought I was in a prizefight. I pla
yed the fool last night. I guess I was a little bit tight. I pl
ayed the fool last night.
