

I see your cross

D.O.A.

You got their trust,
You got their faith
You push salvation,
You sell them a place

But you just hide
Behind the Cross

You just hide!

You've got your power,
And that's your strength
That's what you covet,
Not real faith

And we know
You kept it silent
While you committed
Your violence

I see your cross
And it can blind
The people's crutch
Keeps them in line

I see your cross
And your lies
The flock are blind
Jesus Christ!

Strip their lives,
Strip their souls
Their native culture,
There dead and cold

You lead the boys,
Down the garden path
Didn't care about the
Aftermath

And your victims,
That you abused
Like Mt. Cashel
You just used

And we know,
About the past
It's time someone
Tore away your mask

I see your cross
And it can blind
The people's crutch
Keeps them in line

I see your cross
And your lies

The flock are blind
Jesus Christ!

Got no excuse
Got no excuse
Got no excuse
Got no excuse
Got no excuse
Got no excuse
Got no excuse!

I see your cross
And it can blind
The people's crutch
Keeps them in line

I see your cross
And your lies
The flock are blind
Jesus Christ!

I see your cross
I see your cross
I see your cross
I see your cross
