

## Just say no to the WTO

D.O.A.

We don't want the WTO  
Just stand up and just say no  
They got too much, don't need no more  
So just say no to the WTO  
(2x)

The Trans National corporations  
And the Billionaires that run our nations  
They make all the rules and rack in the cash  
We need some fair trade, we need our share back

It's one big world, well, we know that  
We all have to trade, the world's not flat  
But our brothers and sisters around the Earth  
Need to get what they're worth

We don't want the WTO  
Just stand up and just say no  
They got too much, don't need no more  
So just say no to the WTO

The WTO don't want no unions  
The WTO wants corporate schools  
The WTO spreads toxic waste  
The WTO - Yea, we all get screwed

It's one big world, well, we know that  
We all have to trade, the world's not flat  
But our brothers and sisters around the Earth  
Need to get what they're worth

We don't want the WTO  
Just stand up and just say no  
They got too much, don't need no more  
So just say no to the WTO

We don't want the WTO  
Just stand up and just say no  
They got too much, don't need no more  
So just say no to the WTO  
(3x)  
Just stand up, just stand up  
And just say no to the WTO
