

Liberation and execution

D.O.A.

Liberation and execution two things that go hand in hand that's
the way it's always been corruption and insurrection I see the
violence, I see the blood I see the bullets, the final payoff

Some things never change watch the blood pour down like rain so
me things never change the victims blood, it's all the same rev
olution, the people's army the dragon slayer becomes the dragon
the body counts goes higher and higher see the victim's lyin'
there dead doesn't matter who pulled the trigger I can't bring
them back to life
