

Logjam

D.O.A.

We got ourselves a real logjam
We got ourselves a real logjam

Welcome to Canada, it's a thing of beauty
A bunch of rich dicks lookin' for booty
Watch the fools who just can't wait
To split up the country, make it second rate

We got ourselves a real logjam
Free traders pullin' their scam
We got ourselves a real logjam
Sell the country off to uncle Sam

Our native people
Have no say
And millions of rednecks
Like it that way
The hacks in office,
The nose in the trough
It's time to boot 'em
Into the rideau canal

We got ourselves a real logjam
Free traders pullin' their scam
We got ourselves a real logjam
Sell the country off to uncle Sam

We got ourselves a real logjam
Free traders pullin' their scam
We got ourselves a real logjam
Sell the country off to uncle Sam

We got ourselves a real logjam
We got ourselves a real logjam
We got ourselves a real logjam
We got ourselves a real logjam
