

## Bail Out

D.R.I.

I'm building a spaceship in my backyard  
Using pieces of our family car  
I'm building this spaceship out of this car  
So I can fly off and live among the stars  
I'm gonna bail out before it's too late  
Get the fuck out, I'll dwell in space  
I'll travel around at the speed of light  
Enveloped by the darkness of eternal night  
Discover the universe while you all die  
I've got a future, so I say goodbye  
I want to see what's never been seen  
I want to do what's never been done  
So I'm building a spaceship black, sleek and fast  
I'll fly out of here, ride out on the blast  
Split this pit before it blows  
I'll watch it from the back seat  
One last sick show
