

## Misery Loves Company

D.R.I.

What they have now  
They want for me  
Misery loves company  
Live a life of bigotry  
On the way to bankruptcy  
Beer belly and family  
Crackers, cheese and burgundy

You're life's no anomaly  
Live your life accordingly  
Wake up to the certainty  
Of ageing and misery

No real love just cake and tea  
No road to recovery  
Live the life of drudgery  
Same old shit,  
housewivery, fakery,  
tracery, misery
