

My Fate To Hate

D.R.I.

It's m fate to hate
I realized but way too late
It's my fate to hate
Now I have a reason why
It's my fat to hate - You!

Is fate a lasting emotion?
If so I sure am blind
A misdirected maniac
A misdirected mind - No!
It's my fate to hate - You!

Now I don't need a reason why
Don't need a reason why
A reason why... a reason why
