

# Shut Up

D.R.I.

We won't mention names  
But why don't you ever shut up?  
You're constantly talking  
And I just can't keep up

Conversations a joke  
Is your head made of oak?  
Endlessly blabbing  
But sometimes it feels like you're stabbing

Shut up (2x)  
Shut the fuck up

Bragging and lying  
So you won't have to stop  
I've got to get out  
My head's about to pop

You know who you are  
C'mon give me a break  
You go on and on  
Until I feel faint

Shut up (2x)  
What are you deaf?  
Shut up
