

Real World

D-Side

Last night I dreamt you were lying beside me
I smelt the sweetness of your hair
You gently reached out to remind me
Of how it used to be
And I almost believed that this morning I'd find you still there

[Chorus:]

But here in the real world
I miss you madly
In the real world
I'm coping badly with losing you
What am I to do
Here in the real world
Without you

Last night I dreamt of a different ending
Everything just seemed to work out somehow
I saw that someday I could smile again without pretending
I was so sure I'd wake up and I wouldn't need you right now

[Chorus]

Friends tell me I must not look back
There are silver rails just ahead on the track
And my stars say I'm getting over the fact that you're gone

[Chorus]

I'm here in the real world
Without
