

# Boyfriend

D'Sound

If you met my boyfriend  
you would wish that you were me  
'cause everything about him  
tells you bout his honesty.

There's no more being weary  
and even when I cry  
i do it 'cause I'm happy

And I'm in bliss - I've just been kissed by my boyfriend

We can go on travels  
resting in a sole embrace.  
Drugs could never beat this:  
trippin' high and yet so safe.

He blinds me when he's smiling  
He leaves me with no words  
He shelters me from evil

And I'm in bliss - I've just been kissed by my boyfriend

And I'm in bliss cause I've just been kissed  
I'm receiving all of the love I've missed
