I Want U 2 B With Me

When I get off the stage I've gIven what I've had To give to anyone I don't feel good nor bad I go back to my room And don't relate to anyone

When I am on a plane To conquer all my dreams And everything 's ok And I'm a lucky girl I see you in a cloud I don't know what I'm doing here

I want you to be with me

When I am in a place Where everythIng is strange And I'm just passing through And so goes day by day I can't keep track of names And I just want to close my eyes

And when I hit the notes The way I'm supposed to do The band and I are hIgh And nothing can go wrong I always think of you I wish that you could see me now

I want you to be with me

'cause all I feel and see I want you to see it too 'cause what I know and do I want to share it wIth you **D'Sound**
