

## Sweet Music

D'Sound

You play me  
You know me  
I dig what  
You show me  
I never  
Get tired listening to your sweet music

Oh, dj!  
You play me  
The bassline  
Consumes me  
I wanna get swept away listening to your sweet music  
And

Oh; I'm feeling so much lighter  
Oh; you take away the day  
Oh; I'm feeling so much better  
You play me, dj, when you play your sweet music

You touch me  
You grab me  
You make me  
Feel happy  
That I came here tonight  
- listening to your sweet music

The breakdowns  
The build up  
Progression  
- delicate!  
The night has started when I hear your sweet music

Oh; I'm feeling so much lighter  
Oh; you take away the day  
Oh; I'm feeling so much better  
You play me, dj, when you play your sweet music
