Aye shorty  
Come here give me dem goodies  
Got my periferials on and girl I see ya lookin  
The way you make it roll, then you stop wit it  
Drop down and then you make them fingers pop wit it  
Baby do ya thang get ya shine on  
Just like dat chanderlier that's hanging on my collarbone  
Its something bout the way ya bend ya knees and rock ya hips(oh)  
And get to biting on ya bottom lip

Get low and bring ya back up  
(girl ya doin dat thang)  
Slow down, im tryna catch up  
(but cha movin to fast)  
Last call ya kno im thinkin  
(shorty, do ya got plans)  
Let me show ya how im livin  
('cause im sittin on money)

Look at her  
The way she dancin like she dead wrong (look at her)  
She know she sexy wit her heels on (look at her)  
She look like Halle mixed wit Nia long(Look at her)  
Look at her  
Look at her  
Look at her

I'm bout to see if I can take her home  
Look at her  
And get her hummin on my microphone
