

# Lost Without You

Da Buzz

Lost without you, oh yeah, without you

Here I go, turn around in my life once again  
There I see, all the love of my life for the last time

Please tell me I'm wrong  
Oh say that you love me  
Tell me that you and I will conquer it all

I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna see your smile, closer than before  
I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna love you more, can't believe it's true.  
I'm lost without you

A little touch from you lips, I think I will die  
But just a little more of it all, and I know I will lose control

Please tell me I'm wrong  
Oh say that you love me  
Tell me that you and I will conquer it all

I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna see your smile, closer than before  
I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna love you more, can't believe it's true.  
I'm lost without you

Lost in my love  
My love for you  
Will last through eternity  
I'm lost without you  
Oh yeah, without you

I'm lost without you, I lose control  
I'm lost without you, I'm lost without you

I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna see your smile, closer than before  
I'm lost without you  
I'm lost if we're through  
I wanna hold you tight  
Wanna love you more, can't believe it's true.  
I'm lost without you
