

# Stuck

Da Buzz

Stuck without you  
It's true  
Give me some opportunities  
I'm stuck without you

I wanna see you smile again  
I do believe that you are mine  
But if you are, afraid of me  
Why don't you try to tell me  
Oh let me show, show you the way  
To a place you wanna see  
Fantasy or reality  
Find the truth with me

'Cause when you touch me  
You know I always lose control  
Oh baby, give me opportunities  
I never give up on you  
I'm stuck without you

Don't walk away, I hope you'll stay  
The things you do makes me strong  
I can't deny, I dream of you  
The way you are, drives me crazy  
Don't try to run, just let it go  
When you're around time never ends  
Fantasy or reality  
Find the truth with me

'Cause when you touch me  
You know I always lose control  
Oh baby, give me opportunities  
I never give up on you  
'Cause when you touch me  
You know I always lose control  
Oh baby, give me opportunities

I never give up on you  
I'm stuck without you

Stuck with you  
It's true  
Give me some opportunities  
I'm stuck without you

I wanna be, there for you  
And you know that it's true  
You're a mystery

'Cause when you

'Cause when you touch me  
You know I always lose control  
Oh baby, give me opportunities  
I never give up on you  
'Cause when you touch me  
You know I always lose control

Oh baby, give me opportunities

I never give up on you

I'm stuck without you
